

Yakima Amateur Radio Club W7AQ

Hamfest

Swap and shop participant information.

Upon arrival at the Selah Civic Center please check in with Bob, KE7HLK, I should have all of your pre-registration information.

Set up will begin at 3:00pm Friday.
Saturday setup will start at 7:00 am.

Power will only be available on the wall tables. Please contact me as soon as possible for accommodations.

Also, as usual, the table assignments are on a first come basis. If you have a preference to location, please drop me a note or call. I will do what I can to help you. The arrangement will be very similar to last year with only a few changes. We would like to ask that pre-Hamfest selling not take place.

If you have a large piece of gear sold, and it needs carried out, please see me at the Club table, and arrangements will be made.

Trash cans are for trash generated by the Hamfest.

For items you don't want to haul home just ask and we will dispose of it for you.

Oil filled transformers or oil filled dummy loads, etc are NOT ALLOWED in the building. No exceptions.

The civic center has asked us not to use pins, tacks, staples, tape, etc. There are 'T' slots and hardware will be provided for hanging displays.
